

ECO KIDS RAINFOREST ADVENTURE CHAA CREEK SUMMER CAMP

JULY 18-24, 2010

Looking for a special event for you and your 7-15 year old child this summer

Chaa Creek is offering a week long summer camp program to educate children about biodiversity conservation, the ancient Maya, traditional healing, solid waste management, and land conservation. The program aims to instill memorable values that will have an impact on the way your children conduct their lives, their relationship with our fragile Earth, and the sustainable development of our future.

Some of our guided educational activities include:

Hiking to ancient Maya sites where we will perform archaeological excavations, Horseback Riding through Jungle Trails while studying the medicinal flora within our 365-acre private nature reserve, Song writing and talent show sessions, Hands-on sustainable organic farming techniques, and supervised water activities at Chaa Creek's new swimming pool.

6 Nights / 7 Days all inclusive

US\$815 per child • MACAL RIVER CAMP

US\$1206 per parent • THE LODGE AT CHAA CREEK

Children's Summer Camp Includes lodging at the Macal River Camp, all meals plus snacks three times a day, daily scheduling of educational events, arts & craft materials and t-shirt, Camp Counselors 24/7, and guided tours with our licensed naturalist guides.

Parents' rate includes airport transfers, lodge accommodation, all meals and activities.
